### EVENING EXTENSION COURSES OFFERED BY UM

Evening extension classes for fall quarter, which starts Sept. 28, are being offered by the Center for Continuing Education and Summer Programs. Persons interested in attending the classes listed below may register at the first scheduled class meeting. A fee of \$30 per credit is charged. Persons need not be admitted to UM to attend these extension classes.

Extension classes for fall quarter include:

Business Applications of Microcomputers (Business Administration 395). Undergraduate, 3 credits. Thursdays, 7-10 p.m. starting Oct. 1. Dr. John Rettenmayer, instructor, Liberal Arts 139.

The course will cover the basic types of microcomputers, with particular emphasis on the kinds of software (programs) widely available for use in small and medium sized businesses. Programs for standard accounting processes, for some specific industry applications, and for easy development of custom data processing will be studied and experienced by hands-on use. No knowledge of computer programming is assumed.

BASIC Programming (Computer Science 299). Undergraduate, 1 credit. Daily, Mon. through Friday for two weeks, 5-6 p.m. starting Sept. 28. Walt Briggs, instructor, Liberal Arts 102.

The course will provide students with an introductory understanding of BASIC programming.
